Description

The DT 770 is a closed headphone with a powerful reproduction of deep frequencies. High frequencies are also reproduced as an analytical, clear and distinctive sound. The rugged headband made of spring steel gives this headphone a secure yet comfortable fit. Soft ear pads and the single-sided cable also ensure a high comfort. The DT 770's special closed design excludes sound pollution and ensures minimum audio leakage.
The DT 770 is still manufactured in Germany providing an excellent quality.
